Dear Mr. Henry:

The Doris Duke Charitable Foundation has made grants to Duke Farms Foundation in 2004 totaling \$11,632,652 to be used for Duke Farms Foundation's general operating expenses (referred to collectively as the "Grant"). Because Duke Farms Foundation is a private foundation, rather than a publicly supported charity, this Grant is subject to the "expenditure responsibility" requirements contained in the Treasury regulations. Under these regulations, the Doris Duke Charitable Foundation is required to obtain certain written commitments from Duke Farms Foundation before making payment of the Grant funds. By signing this letter, you agree on behalf of Duke Farms Foundation to the following specific obligations with respect to this Grant:

- (1) To repay any portion of the amount granted as well as income earned thereon which is not used for the purposes of the Grant stated above;
- (2) From the time the Grant is made or any portion of the Grant is received until it is fully expended or otherwise terminated, to submit a full and complete annual narrative and financial reports and a final report upon completion of the grant period, attested by the responsible financial officer of your organization or a certified public accountant, within a reasonable period of time after the close of your annual accounting period on the manner in which the Grant and income earned thereon are spent, compliance with the terms of the Grant, what was accomplished by the expenditure of funds (including a description of the progress made in accomplishing the purposes of the Grant);
- (3) To report the Grant separately on your books of account and to charge expenditures made in furtherance of the Grant purposes against the Grant.
- (4) To maintain written records of receipts and expenditures adequate to enable the use of the Grant funds to be checked readily and to make your books, records and other information available for the Doris Duke Charitable Foundation's inspection at reasonable times, which we believe necessary to keep us fully apprised of the status or use of the Grant or income arising therefrom, including any information regarding the ultimate effect of the Grant, whether or not required under the terms of section 4945 of the Internal Revenue code of 1986, as amended (the "Code");

- (5) To keep these records of receipts and expenditures and copies of reports submitted to the Doris Duke Charitable Foundation for at least four years after completion of the use of the Grant funds; and
- (6) Not to use any of the Grant or income arising therefrom,
 - (a) To carry on propaganda, or otherwise attempt to influence legislation (within the meaning of section 4945(d)(1) of the Code),
 - (b) To influence the outcome of any specific public election, or to carry on, directly or indirectly, any voter registration drive (within the meaning of section 4945(d)(2) of the Code),
 - (c) To make any grant which does not comply with the individual grant requirements of section 4945(d)(3) of the Code or the organization grant requirements of section 4945(d)(4) of the Code, or
 - (d) To undertake any activity for any purpose other than one that is charitable, scientific, literary, educational or for the prevention of cruelty to animals, all as defined in section 170(c)(2)(B) of the Code.

In the event that you violate the terms of this letter agreement by using any portion of this Grant or any income thereon for purposes other than the purpose of the Grant as previously set forth in this letter, you agree that you will refund to the Doris Duke Charitable Foundation the full amount of the Grant and pay over to the Doris Duke Charitable Foundation any additional amount which may be necessary to effect a correction under section 4945 of the Code.

The foregoing conditions are intended to comply with obligations under United States law to make reasonable efforts and establish adequate procedures to see that grant funds are spent solely for the purposes for which they are granted, and to obtain full and complete records on how grant funds have been expended. Changes in United States laws, or in regulations interpreting them, may require the Doris Duke Charitable Foundation to ask that more detailed reports be submitted or that other steps be taken. The Doris Duke Charitable Foundation will promptly inform you of any such changes, and by signing this letter you indicate your agreement to provide such additional information and comply with such requests.

Duke Farms Foundation also agrees that no later than the end of its first taxable year after the taxable year in which it receives the Grant, it will make a qualifying distribution out of corpus, as defined in section 4942 of the Code, equal to the value of the Grant, and, within such time period, Duke Farms Foundation agrees to provide adequate records or other sufficient evidence to the Doris Duke Charitable Foundation to demonstrate that this distribution has been made. Such records or evidence will state that the qualifying distribution has been made and will specify (i) the names and addresses of the recipients of any such qualifying distribution and the amounts paid to each, (ii) the details concerning the payment of any operating expenses which are a part of such qualifying distribution and (iii) the details concerning any operating expenses paid during any of the

preceding five years which Duke Farms Foundation elects pursuant to Treas Reg. 53.4942(A) 3(c)(2)(iv) to treat as a current distribution of corpus in order to make such qualifying distribution. Such records or evidence will also state that the qualifying distribution would be treated as a distribution of corpus under section 4942 of the Code if Duke Farms Foundation were not an operating foundation.

If this letter and its attachment correctly set forth your understanding of the arrangements made regarding this Grant, please countersign the letter and return it to the Doris Duke Charitable Foundation.

Very truly yours,

The Doris Duke Charitable Foundation

Dear Mrs. Spero:

In 2004, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$11,632,652 to Duke Farms Foundation ("DFF"). By a letter dated October 28, 2005, I agreed on behalf of DFF to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. Since all of the grant funds were spent during 2004 the year in which they were granted, this is both a first and final report.

Name and address of grantee:
 Duke Farms Foundation
 80 Route 206 South
 Hillsborough, NJ 08844

Purpose of Grants:

To be used for DFF's general operating expenses. Property owned by DFF is used for a charitable purpose since DFF maintains and operates a botanical garden, which is open to the public, and it protects endangered species of all kinds, both flora and fauna.

All of the grant funds have been spent for DFF's operating expenses, and no portion of the grant funds has been diverted from such purpose.

As described above, all of the grant funds were spent for reasonable and necessary administration expenses to accomplish DFF's charitable purposes, which are qualifying distributions. Therefore, a qualifying distribution was made of the entire value of the grants in 2004.

Dear Mrs. Spero:

In 2004, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$3,562,157 to the Doris Duke Foundation for Islamic Art ("DDFIA"). By a letter dated October 28, 2005, I agreed on behalf of DDFIA to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. Dear Mrs. Spero:

In 2004, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$2,267,160 to the Newport Restoration Foundation ("NRF") in support of Rough Point. By letter dated October 19, 2005, I agreed on behalf of NRF to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. This is a report covering the portion of the grant funds spent in 2004. An additional and final report will be submitted showing the expenditure of the remaining grant funds in 2005.

Name and address of grantee:

Newport Restoration Foundation
51 Touro Street
Newport, RI 02840

Purpose of Grants:

To be used for Rough Point's general operating expenses. The Rough Point property owned by NRF is used for a charitable purpose since it is a historic house, which is open to the public.

Mrs. Joan Spero
Page 2
October 20, 2005

The following table contains the date of the payment of each grant, the amount of the grant, and a description of how the grant was spent by NRF:

<u>Date of Payment</u>	<u>Amount of Grant</u>	<u>Purpose for which Grant was Used</u>
1/20/04	\$566,790	Employee Related Expenses, General Operating Expenses; General Administrative Expenses and Capital Expenses
3/15/04	\$566,790	" "
6/14/04	\$566,790	" "
9/20/04	\$566,790	" "

All of the grant funds have been spent for Rough Point's general operating expenses, and no portion of the grant funds has been diverted from such purpose.

In addition, in the letter dated October 19, 2005, I represented that before the end of 2004, NRF would make a qualifying distribution out of corpus as defined in Section 4942 of the Internal Revenue Code, in the amount of \$2,267,160 and that I would provide DDCF with adequate records or other sufficient evidence to demonstrate that this distribution has been made.

As described above, \$2,006,046.00 of the grant funds were spent for reasonable and necessary administration expenses to accomplish NRF charitable purposes, which are qualifying distributions. Therefore, a qualifying distribution was made of \$2,006,046.00 in 2004.

Since NRF has otherwise made qualifying distributions equal to the amount of its minimum investment return, this distribution would be treated as a distribution out of corpus if NRF were not a private operating foundation. NRF will make a qualifying distribution out of corpus of the balance of the grant funds in 2005.

Very truly yours,
Newport Restoration Foundation

This is because \$3,881,962 is being distributed out of corpus in order to satisfy the Foundation's expenditure responsibility relating to the cash portion of a grant received in 2002 from the J.B. Duke 1917 Trust and \$1,134,553 is being distributed to satisfy prior years' set-asides.

In order to satisfy the requirements of the cash distribution test, as set forth in Treasury Regulation section 53.4942(A)-3(b)(7)(ii), for prior years, the following statements are being made.

**Doris Duke Charitable Foundation
Grants Process
December 31, 2004**

The mission of the Doris Duke Charitable Foundation (DDCF) is to improve the quality of people's lives through grants supporting the performing arts, wildlife conservation, medical research and prevention of child maltreatment, and through preservation of the cultural and environmental legacy of Doris Duke's properties.

Grants are either competitively awarded through Request for Proposal (RFP) processes or are initiated by the Foundation. All proposed grants are presented to the Board of Trustees at one of the four meetings that take place during the year. All grants must be approved by the Board of Trustees with the exception of the President's Planning Fund and grants to be selected through competitive, peer-reviewed program initiatives. In the latter case, the Board approves a total amount for the program initiative and delegates to DDCF's President Joan Spero the authority to approve grants recommended through the peer-review selection process.

Joan Spero (President) is actively involved in the entire grants cycle. Prior to performing all the research on a potential grantee, the Program Director will discuss the organization with Mrs. Spero. Based on this discussion, the research will begin or the project will be set aside.

Once a completed application packet is returned to DDCF, the appropriate Program Director or their designated staff members will review it to ensure that the organization meets DDCF requirements and that the program description is in line with DDCF's mission and program objectives. The application packet is also reviewed by the Grants Manager and Program Associate for Grants Administration to ensure that all the proper documentation has been

received and the organization is a qualified not-for-profit. Each proposed grant is entered into GIFTS for Windows, the Foundation's grants management database.

Once all the submitted application information has been reviewed and approved, the Program Director will compile a docket for presentation to the Board of Directors that describes the potential grantee organization and its proposed use of funds. The Program Director then presents the information to a Program Review Committee composed of senior management and program staff. This presentation also serves as a "practice" session for the Board meeting. During the meeting the senior staff will critique the written summary and the presentation, and the appropriate changes will be made.

At the next Board meeting, the information will be presented to the Board for their approval. The Board's decisions regarding proposed grants are documented in the Board of Director Minutes. After a grant has been approved by the board, Grants Administration staff will record the grant as "Approved" in GIFTS and the GIFTS system assigns a grant number. Grants Administration then sends a report detailing the grants approved to Finance and the Senior Accountant/Assistant Treasurer prepares a journal entry for to record the liability.

Once the Board approves the grant, the appropriate DDCF staff member will notify the organization by telephone. The Program Director and his or her staff then use GIFTS for Windows to generate a grant agreement, using the appropriate grant agreement template. The Program Director and Grants Manager will review and refine the document until they are satisfied that it is complete. Once the Grants Manager has approved the grant agreement and award letter and verified that all grant documentation is in order, the agreement and award letter is forwarded to the President for signature.

After the President signs the award letter and the grant agreement, the award package is sent to the grantee organization. The grant agreement specifies the total funds awarded, payment schedule, use of the funds, performance and financial reporting requirements, and various other disclosures regarding DDCF's rights (for example, to publicly announce the grant). If the grantee organization agrees to the terms of the agreement they will sign and return the agreement to the DDCF (two copies of the agreement are sent and the grantee organization retains one copy for their records). When the fully executed grant agreement is received by the Foundation, the first grant payment is initiated by Grants Administration and forwarded to Finance for processing.

During 2004, DDCF implemented an automated grant payment process using a web interface to the DDCF custodian bank to transfer funds to grantee institutions through ACH transfers. When a grant payment has been approved for payment by the Grants Manager, a data file containing payment and bank information is downloaded from GIFTS and sent to the Senior Accountant/Assistant Treasurer for review and upload to the on-line banking system. When the data has been successfully uploaded, the Grants Manager sends an e-mail to the payment signatories to notify them that the payments have been uploaded and are awaiting approval. The e-mail contains a link to a report detailing each payment that has been approved for payment and links to PDF files containing scanned copies of the fully executed grant agreement for each grant that is recommended for payment. The Chief Financial Officer and the Director of Finance then gain secure access to the online banking system and electronically approve the payment for processing by the bank. All grant disbursements are processed through accounts payable and are authorized according to DDCF's signatory policy. Once the ACH transfer is executed, a payment confirmation report is placed in the grant file maintained by the Office of Grants Administration.

Within each grant agreement the grantee agrees to provide DDCF with certain interim and final financial and program performance information. The time period for this submission varies from

grant to grant. To ensure that the DDCF funds are being used in accordance with the grant agreement, the grantee is required to submit the following information:

- A narrative describing program accomplishments, challenges, and future plans
- An assessment of the project to date (have the original goals been achieved, were any program refinements necessary?)
- Copies of any literature, reports, or media coverage that was generated as a result of the grant
- A copy of the most recent audited financial statement
- A budget to actual comparison of the grant funds (indicating any budget modifications and explanations for budget overages)
- If a multi-year grant, a revised budget and budget narrative for the upcoming year (if warranted)
- The grantee is also required to notify DDCF of any changes to their board, senior staff, or tax-exempt status.

This information is required whether the grant period is one year or multi-year. If the grant is multi-year, the subsequent disbursements will not be made until this information has been received, reviewed, and approved by DDCF.

This information will be submitted to DDCF and reviewed by the Program Director and the Grants Manager to ensure that the grantee has been using DDCF's funds for the purpose outlined in their grant agreement. This includes determining if certain project milestones have been met, whether funds have been spent reasonably and within program guidelines, and whether the project has benefited the items/individuals targeted in the agreement. Additionally, the financial information will be reviewed by the Grants Manager or Program Associate for Grants Management, and either the Program Director or Program Officer – and, as necessary, by a member of the Finance Department – to ensure that the grantee is not experiencing any financial difficulties.

Once this information has been evaluated and approved by DDCF, the payment request will be prepared for multi-year grants or, for single year grants, the file will be closed.

Computer information systems

Until March 2002, the Foundation used a grants management database in Microsoft Access that had been developed for the Foundation in 1999. In March 2002, the Foundation implemented GIFTS for Windows, a grants management database system purchased from MicroEdge, Inc. This database is used to track the different aspects of the grant process. All applications received are entered into the database and their status is tracked according to their progress through the review, approval or declination, and disbursement process. The database is also used to generate grant related documentation, including (but not limited to) grant award letters and grant agreements, payment request memoranda, and wire transfer letters. GIFTS also provides reports that enable the user to project the upcoming disbursements, determine when financial or other reporting information is required, track grant expiration, and track activities related to each grant.
