Mr. Peter Simmons Chief Operating Officer Duke Farms Foundation 1112 Dukes Parkway West Hillsborough, New Jersey 08844 DORIS DUKE CHARITABLE FOUNDATION

Dear Mr. Simmons:

The Doris Duke Charitable Foundation has made grants to Duke Farms Foundation in 2011 totaling \$8,545,098 to be used for Duke Farms Foundation's general operating expenses (referred to collectively as the "Grant"). Because Duke Farms Foundation is a private foundation, rather than a publicly supported charity, this Grant is subject to the "expenditure responsibility" requirements contained in the Treasury regulations. Under these regulations, the Doris Duke Charitable Foundation is required to obtain certain written commitments from Duke Farms Foundation before making payment of the Grant funds. By signing this letter, you agree on behalf of Duke Farms Foundation to the following specific obligations with respect to this Grant:

- (1) To repay any portion of the amount granted as well as income earned thereon which is not used for the purposes of the Grant stated above;
- (2) From the time the Grant is made or any portion of the Grant is received until it is fully expended or otherwise terminated, to submit a full and complete annual narrative and financial reports and a final report upon completion of the grant period, attested by the responsible financial officer of your organization or a certified public accountant, within a reasonable period of time after the close of your annual accounting period on the manner in which the Grant and income earned thereon are spent, compliance with the terms of the Grant, what was accomplished by the expenditure of funds (including a description of the progress made in accomplishing the purposes of the Grant);
- (3) To report the Grant separately on your books of account and to charge expenditures made in furtherance of the Grant purposes against the Grant.
- (4) To maintain written records of receipts and expenditures adequate to enable the use of the Grant funds to be checked readily and to make your books, records and other information available for the Doris Duke Charitable Foundation's inspection at reasonable times, which we believe necessary to keep us fully appraised of the status or use of the Grant or income arising therefrom, including any information regarding the ultimate effect of the Grant, whether or not required under the terms of section 4945 of the Internal Revenue code of 1986, as amended (the "Code");

- (5) To keep these records of receipts and expenditures and copies of reports submitted to the Doris Duke Charitable Foundation for at least four years after completion of the use of the Grant funds; and
- (6) Not to use any of the Grant or income arising therefrom,
 - a. To carry on propaganda, or otherwise attempt to influence legislation (within the meaning of section 4945(d)(1) of the Code),
 - To influence the outcome of any specific public election, or to carry on, directly or indirectly, any voter registration drive (within the meaning of section 4945(d)(2) of the Code),
 - c. To make any grant which does not comply with the individual grant requirements of section 4945(d)(3) of the Code or the organization grant requirements of section 4945(d)(4) of the Code, or
 - d. To undertake any activity for any purpose other than one that is charitable, scientific, literary, educational or for the prevention of cruelty to animals, or as defined in section 170(c)(2)(B) of the Code.

In the event that you violate the terms of this letter agreement by using any portion of this Grant or any income thereon for purposes other than the purpose of the Grant as previously set forth in this letter, you agree that you will refund to the Doris Duke Charitable Foundation the full amount of the Grant and pay over to the Doris Duke Charitable Foundation any additional amount which may be necessary to effect a correction under section 4945 of the Code.

The foregoing conditions are intended to comply with obligations under United States law to make reasonable efforts and establish adequate procedures to see that grant funds are spent solely for the purposes for which they are granted, and to obtain full and complete records on how grant funds have been expended. Changes in United States laws, or in regulations interpreting them, may require the Doris Duke Charitable Foundation to ask that more detailed reports be submitted or that other steps be taken. The Doris Duke Charitable Foundation will promptly inform you of any such changes, and by signing this letter you indicate your agreement to provide such additional information and comply with such requests.

Duke Farms Foundation also agrees that no later than the end of its first taxable year after the taxable year in which it receives the Grant, it will make a qualifying distribution out of corpus, as defined in section 4942 of the Code, equal to the value of the Grant, and, within such time period, Duke Farms Foundation agrees to provide adequate records or other sufficient evidence to the Doris Duke Charitable Foundation to demonstrate that this distribution has been made. Such records or evidence will state that the qualifying distribution has been made and will specify (1) the names and addresses of the recipients of any such qualifying distribution and the amounts paid to each, (ii) the details

Mr. Peter Simmons Page 3 October 17, 2012

concerning the payment of any operating expenses which are a part of such qualifying distribution and (iii) the details concerning any operating expenses paid during any of the preceding five years which Duke Farms Foundation elects pursuant to Treas. Reg. 53.4942(A) 3(c)(2)(iv) to treat as a current distribution of corpus in order to make such qualifying distribution. Such records or evidence will also state that the qualifying distribution would be treated as a distribution of corpus under section 4942 of the Code if Duke Farms Foundation were not an operating foundation.

If this letter and its attachment correctly set forth your understanding of the arrangements made regarding this Grant, please countersign the letter and return it to the Doris Duke Charitable Foundation.

Very truly yours,

The Doris Duke Charitable Foundation

Mr. Edward P. Henry President Doris Duke Charitable Foundation 650 Fifth Avenue, 19th Floor New York, New York 10019

Dear Mr. Henry:

In 2011, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$8,545,098 to Duke Farms Foundation ("DFF"). By a letter dated October 17, 2012, I agreed on behalf of DFF to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. Since all of the grant funds were spent during 2011 the year in which they were granted, this is both a first and final report.

Name and address of grantee: Duke Farms Foundation 80 Route 206 South Hillsborough, NJ 08844

Purpose of Grants:

To be used for DFF's general operating expenses. Property owned by DFF is used for a charitable purpose since DFF is transitioning to become a regional center for environmental stewardship. DFF provides educational programs to visitors as well as serving as a critical habitat for protecting endangered species of all kinds, both flora and fauna.

Mr. Edward P. Henry Page 2 October 22, 2012

The following table contains the date of payment of each part of the grant that was spent in 2011 and a description of how the grant was spent by DFF:

Date of Payment 1/31/11	Amount of <u>Grant</u> \$1,032,541	Related Expenses; Gene	enses; General Admin Expenses; Program
		Expenses; Capital Expe	nditures.
2/28/11	\$771,424	**	
3/31/11	\$499,367	66	56
4/30/11	(\$293,079)	44	44

11/30/11	\$732,916	46	46
12/31/11	\$1,138,050	46	46

All of the grant funds have been spent for DFF's operating expenses, and no portion of the grant funds has been diverted from such purpose.

In addition, in the letter dated October 17, 2012, I represented that before the end of 2011, DFF would make a qualifying distribution out of corpus as defined in Section 4942 of the Internal Revenue Code, in the amount of \$8,545,098 and that I would provide DDCF with adequate records or other sufficient evidence to demonstrate that this distribution has been made. As described above, all of the grant funds were spent for reasonable and necessary administration expenses to accomplish DFF's charitable purposes, which are qualifying distributions. Therefore, a qualifying distribution was made of the entire value of the grants in 2011.

Since DFF has otherwise made qualifying distributions equal to the amount of its minimum investment return, this distribution would be treated as a distribution out of corpus if DFF were not a private operating foundation.

Very truly yours, Duke Farms Foundation

Dear Mr. Henry:

In 2011, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$6,490,676 to the Doris Duke Foundation for Islamic Art ("DDFIA"). By a letter dated Octobber 17, 2012, I agreed on behalf of DDFIA to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. Since all of the grant funds were spent during 2011 the year in which they were granted, this is both a first and final report.

Name and address of grantee: Doris Duke Foundation for Islamic Art 4055 Papu Circle Honolulu, HI 96816

Purpose of Grants:

All of the grant funds have been spent for DDFIA's operating expenses, and no portion of the grant funds has been diverted from such purpose.

In addition, in the letter dated October 17, 2012 I represented that before the end of 2011, DDFIA would make a qualifying distribution out of corpus as defined in Section 4942 of the Internal Revenue Code, in the amount of \$6,490,676 and that I would provide DDCF with adequate records or other sufficient evidence to demonstrate that this distribution has been made.

As described above, all of the grant funds were spent for reasonable and necessary administration expenses to accomplish DDFIA's charitable purposes, which are qualifying distributions. Therefore, a qualifying distribution was made of the entire value of the grants in 2011.

Since DDFIA has otherwise made qualifying distributions equal to the amount of its minimum investment return, this distribution would be treated as a distribution out of corpus if DDFIA were not a private operating foundation.

Dear Mr. Simmons:

The Doris Duke Charitable Foundation has made grants to the Doris Duke Foundation for Islamic Art in 2011 totaling \$6,490,676 to be used for the Doris Duke Foundation for Islamic Art's general operating expenses (referred to collectively as the "Grant"). Because the Doris Duke Foundation for Islamic Art is a private foundation, rather than a publicly supported charity, this Grant is subject to the "expenditure responsibility" requirements contained in the Treasury regulations. Under these regulations, the Doris Duke Charitable Foundation is required to obtain certain written commitments from the Doris Duke Foundation for Islamic Art before making payment of the Grant funds. By signing this letter, you agree on behalf of the Doris Duke Foundation for Islamic Art to the following specific obligations with respect to this Grant:

- (1) To repay any portion of the amount granted as well as income earned thereon which is not used for the purposes of the Grant stated above;
- (2) From the time the Grant is made or any portion of the Grant is received until it is fully expended or otherwise terminated, to submit a full and complete annual narrative and financial reports and a final report upon completion of the grant period, attested by the responsible financial officer of your organization or a certified public accountant, within a reasonable period of time after the close of your annual accounting period on the manner in which the Grant and income earned thereon are spent, compliance with the terms of the Grant, what was accomplished by the expenditure of funds (including a description of the progress made in accomplishing the purposes of the Grant);
- (3) To report the Grant separately on your books of account and to charge expenditures made in furtherance of the Grant purposes against the Grant.
- (4) To maintain written records of receipts and expenditures adequate to enable the use of the Grant funds to be checked readily and to make your books, records and other information available for the Doris Duke Charitable Foundation's inspection at reasonable times, which we believe necessary to keep us fully appraised of the status or use of the Grant or income arising therefrom, including any information regarding the ultimate effect of the Grant, whether or not required under the terms of section 4945 of the Internal Revenue code of 1986, as amended (the "Code");

- (5) To keep these records of receipts and expenditures and copies of reports submitted to the Doris Duke Charitable Foundation for at least four years after completion of the use of the Grant funds; and
- (6) Not to use any of the Grant or income arising therefrom,
 - a) To carry on propaganda, or otherwise attempt to influence legislation (within the meaning of section 4945(d)(1) of the Code),
 - b) To influence the outcome of any specific public election, or to carry on, directly or indirectly, any voter registration drive (within the meaning of section 4945(d)(2) of the Code),
 - c) To make any grant which does not comply with the individual grant requirements of section 4945(d)(3) of the Code or the organization grant requirements of section 4945(d)(4) of the Code, or
 - d) To undertake any activity for any purpose other than one that is charitable, scientific, literary, educational or for the prevention of cruelty to animals, or as defined in section 170(c)(2)(B) of the Code.

In the event that you violate the terms of this letter agreement by using any portion of this Grant or any income thereon for purposes other than the purpose of the Grant as previously set forth in this letter, you agree that you will refund to the Doris Duke Charitable Foundation the full amount of the Grant and pay over to the Doris Duke Charitable Foundation any additional amount which may be necessary to effect a correction under section 4945 of the Code.

The foregoing conditions are intended to comply with obligations under United States law to make reasonable efforts and establish adequate procedures to see that grant funds are spent solely for the purposes for which they are granted, and to obtain full and complete records on how grant funds have been expended. Changes in United States laws, or in regulations interpreting them, may require the Doris Duke Charitable Foundation to ask that more detailed reports be submitted or that other steps be taken. The Doris Duke Charitable Foundation will promptly inform you of any such changes, and by signing this letter you indicate your agreement to provide such additional information and comply with such requests.

The Doris Duke Foundation for Islamic Art also agrees that no later than the end of its first taxable year after the taxable year in which it receives the Grant, it will make a qualifying distribution out of corpus, as defined in section 4942 of the Code, equal to the value of the Grant, and, within such time period, the Doris Duke Foundation for Islamic Art agrees to provide adequate records or other sufficient evidence to the Doris Duke Charitable Foundation to demonstrate that this distribution has been made. Such records or evidence will state that the qualifying distribution has been made and will specify (1) the names and addresses of the recipients of any such qualifying distribution and the

amounts paid to each, (ii) the details concerning the payment of any operating expenses which are a part of such qualifying distribution and (iii) the details concerning any operating expenses paid during any of the preceding five years which the Doris Duke Foundation for Islamic Art elects pursuant to Treas. Reg. 53.4942(A)-3(c)(2)(iv) to treat as a current distribution of corpus in order to make such qualifying distribution. Such records or evidence will also state that the qualifying distribution would be treated as a distribution of corpus under section 4942 of the Code if the Doris Duke Foundation for Islamic Art were not an operating foundation.

If this letter and its attachment correctly set forth your understanding of the arrangements made regarding this Grant, please countersign the letter and return it to the Doris Duke Charitable Foundation.

Very truly yours,

Mr. Edward P. Henry President Doris Duke Charitable Foundation 650 Fifth Avenue, 19th Floor New York, New York 10019

Dear Mr. Henry:

In 2011, the Doris Duke Charitable Foundation ("DDCF") made grants totaling \$2,445,000 to the Newport Restoration Foundation ("NRF") in support of Rough Point. By a letter dated October 17, 2012, I agreed on behalf of NRF to submit certain reports to DDCF for each year during which any grant funds remained unspent and a final report for the year in which all of the grant funds were spent. This is a report covering the portion of the grant funds spent in 2011.

Name and address of grantee:

Newport Restoration Foundation 51 Touro Street Newport, Rhode Island 02840

Purpose of Grants:

To be used for Rough Point's general operating expenses. The Rough Point Property owned by NRF is used for a charitable purpose since it is a historic house, which is open to the public.

The following table contains the date of payment of each grant, the amount of the grant, and a description of how the grant was spent by NRF:

Date of	Amount of	Purpose for which	n e e e e e e e e e e e e e e e e e e e

9/12/11	\$268,750	66	66				
11/30/11	\$250,000	66	66				

All of the grant funds have been spent for Rough Point's general operating expenses, and no portion of the grant funds has been diverted from such purpose.

In addition, in the letter dated October 17, 2012, I represented that before the end of 2011 NRF would make a qualifying distribution out of corpus as defined in Section 4942 of the Internal Revenue Code, in the amount of \$2,445,000 and that I would provide DDCF with adequate records or other sufficient evidence to demonstrate that this distribution has been made.

As described above, \$1,986,007 of the grant funds were spent for reasonable and necessary administration expenses to accomplish NRF's charitable purposes, which are qualifying distributions, and \$458,993 will be spent in 2012. Therefore, a qualifying distribution was made of \$1,986,007 of the grant funds in 2011. Since NRF has otherwise made qualifying distributions equal to the amount of its minimum investment return, this distribution would be treated as a distribution out of corpus if NRF were not a private operating foundation. NRF will make a qualifying distribution out of corpus of the balance of the grant funds in 2012.

Very truly yours, Newport Restoration Foundation

FYE: 12/31/2011 Attachment 13a

Notes:

- (1) The officers are paid compensation by the Doris Duke Management Foundation (DDMF). The hours shown on the Form 990-PF are based on an allocation of time spent on matters related to the Doris Duke Charitable Foundation (DDCF) and are for informational purposes only. These officers provide services to other related entities (Doris Duke Foundation (DDF), Doris Duke Management Foundation (DDMF), Duke Farms Foundation (DFF), and Doris Duke Foundation for Islamic Art (DDFIA)) and in the aggregate, hours worked on matters related to these entities equal or exceed 40 hours a week. The allocation of compensation paid by the Doris Duke Management Foundation and allocated to other related entities is based on an annual survey.
- (2) The trustees who receive compensation are paid by the Doris Duke Charitable Foundation, even though they provide services to each of the five foundations (DDCF, DDMF, DDF, DFF and DDFIA). The hours reported on Attachment 13 of the Form 990-PF represent an allocation of the trustees' time spent on matters related to DDCF including attendance at Board meetings, assorted committee meetings and various foundation-related events and discussions. These hour allocations are reported to comply with the Form 990-PF reporting requirement, and are for informational purposes only. Trustees have oversight responsibilities and perform multiple tasks across all five foundations; and thus, significant additional hours are reported on the DDF, DFF, DDMF and DDFIA tax returns.

Doris Duke Charitable Foundation Form 990-PF

Part IX-A: Summary of Direct Charitable Activities

FYE: 12/31/2011

Environment Activities

Doris Duke was a lifelong environmentalist with a keen interest in conservation. In her will, she expressed her interest in "the preservation of wildlife, both flora and fauna" and in supporting "ecological endeavors." The Doris Duke Charitable Foundation Environment Program is committed to enabling communities to protect and manage wildlife habitat and create efficient built environments. The Foundation supports environmental initiatives and partners with other tax-exempt organizations like The Nature Conservancy to protect public land.

The Environment Program strives to accomplish its mission through the following strategies:

- Accelerate Wildlife Habitat Conservation in an Era of Climate Change Protect important wildlife habitat and help wildlife adapt to the impacts of climate change.
- Wildlife and Energy Development- Expedite the sensitive siting of energy infrastructure and reduce energy demand by increasing energy efficiency in the buildings sector.
- <u>Strengthening the Conservation Field</u> Strengthen organizations focused on the conservation and management of wildlife habitat by diversifying the workforce, increasing public conservation funding and building the capacity of the land trust community.
- Environmental Stewardship in the Tri-State Area Support local efforts to manage wildlife habitat and create efficient, healthy, and vibrant built and natural environments

Medical Research Activities

Doris Duke was a significant supporter of medical research, making contributions to hospitals and research centers throughout her life. In her will, she expressed her interest in supporting "medical research designed to effectuate cures of major diseases."

The mission of the Medical Research Program is to support the prevention, treatment and cure of human disease. The Medical Research Program strives to accomplish its mission through the following strategies:

• Clinical Research Career Ladder

This strategy supports physician-scientists in the United States at different stages of their careers through competitive awards programs..

• Innovations in Clinical Research

This strategy supports innovative and multidisciplinary approaches to clinical research through competitive awards programs.

African Health Activities

As the Doris Duke Charitable Foundation approached its 10th anniversary in 2007, the foundation's board challenged the staff to identify a compelling and urgent need that fit the mandate of Doris Duke's will, and for which a well-timed and large infusion of the foundation's resources (above and beyond its normal grant-making activities) had the potential to make a significant change. Extensive research and interviews with dozens of experts revealed that despite the recent growth of health investments in Africa, efforts to improve access to essential medical care remain seriously hindered by fragile health systems, health worker shortages and a lack of integrated care. In response to these challenges, the foundation launched the multi-million dollar African Health Initiative in the fall of 2007.

The African Health Initiative seeks to catalyze significant advances in strengthening health systems by supporting partnerships that will design, implement and evaluate large-scale models of care that link implementation research and workforce training directly to the delivery of integrated primary health care in sub-Saharan Africa.

Central to the initiative was the establishment of large-scale Populations Health Implementation & Training Partnerships that link implementation research and training to health care delivery. In 2009, the foundation awarded four grants ranging from \$8 million to \$15 million each to support these partnerships working in Ghana, Mozambique, Rwanda, Tanzania and Zambia. Over a period of five to seven years, each Partnership will aim to:

- Provide integrated primary health care and achieve measurable health improvements for underserved communities of 300,000 to 1.6 million people;
- Strengthen health systems in a manner that enables local and national governments to sustain improvements beyond the grant period;
- Increase the knowledge available for evidence-based health systems planning through rigorous operations and implementation research.

Child Abuse Prevention Activities

Doris Duke took a special interest in the needs of children, supporting nearly 85 child welfare organizations during her life. Her support included contributions to orphanages, camps, mentor programs, little league teams, hospitals, and boys and girls clubs. In her will, Doris Duke expressed her interest in "the prevention of cruelty to children."

The Child Abuse Prevention Program promotes the healthy development of children in order to protect them from abuse and neglect.

The program seeks to accomplish its mission by making grants that develop and infuse best prevention practices into normal, non-stigmatizing systems that routinely serve large numbers of families with young children (birth to age six), such as the early education and child care systems. The foundation supports prevention and early intervention efforts that educate, support, and/or assist families **before** an incident of abuse or neglect occurs.

Arts Activities

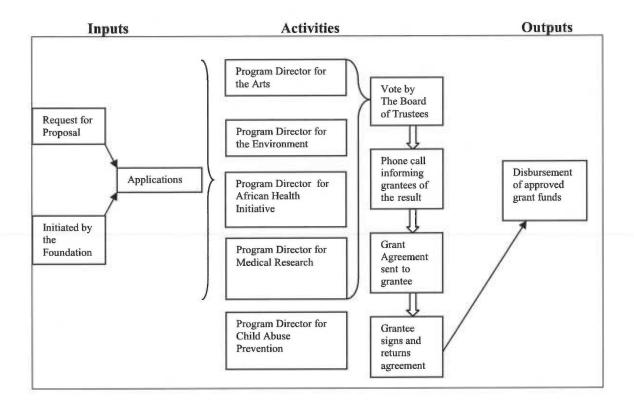

Doris Duke, in her will, expressed an interest in assisting "actors, dancers, singers, musicians and other artists of the entertainment world in fulfilling their ambitions and providing opportunities for the public presentation of their arts and talents." The Doris Duke Charitable Foundation supports this interest by focusing its support on contemporary dance, jazz and theatre artists, and the organizations that nurture, present and produce them.

The mission of the Arts Program is to support performing artists with the creation and public performance of their work. The Arts Program accomplishes this mission through the following strategies:

- Artistic Creation & Distribution Through national competitive initiatives administered by
 intermediary organizations, the foundation supports commissioning, production and
 presentation of new work in each of its fields of interest. Typically these re-granting
 programs offer additional benefits to supported artists, including professional development,
 networking opportunities and participation in conferences and other meetings.
- Organizational Transformation To complement its support for artistic creation and
 distribution, the Arts Program works to build strong organizations to serve performing
 artists. Through competitive initiatives administered by intermediary organizations, the
 foundation offers grants to support bold, innovative approaches to addressing current issues
 affecting the performing arts: the impact of technology, loss of audiences and/ or changes
 in leadership.
- National Sector Building Recognizing DDCF's role as a national foundation, the Arts
 Program supports activities that will build strong national performing arts fields. The Arts
 Program directly supports national organizations critical to the health of dance, jazz,
 presenting and theatre, as well as national projects that have the potential to improve the
 health of a given field.

The \$233,768 in direct charitable expenditures listed in Part IX-A represent amounts paid by the Doris Duke Charitable Foundation to support various meetings, conferences, seminars and other climate, conservation and/or medical research endeavors. Further information about each individual program listed in the attached schedule is available upon request.

Doris Duke Charitable Foundation Grants Process December 31, 2011

The mission of the Doris Duke Charitable Foundation (DDCF) is to improve the quality of people's lives through grants supporting the performing arts, environmental conservation, medical research and prevention of child maltreatment, and through preservation of the cultural and environmental legacy of Doris Duke's properties.

Grant Development and Approval

Grants are either competitively awarded through Request for Proposal (RFP) processes or are initiated by the Foundation. Grants and proposed grant competitions are presented to the Board of Trustees at one of the four meetings that take place during the year. All grants must be approved by the Board of Trustees with the exception of the Program Fund, Cross-Program Fund, Trustee recommended grants, and grants selected through competitive, peer-reviewed program initiatives. In these cases, the Board approves a total amount for the program initiative or fund and delegates to DDCF's President Edward Henry the authority to approve grants. Authority for Program Fund (PF) and Cross-Program Fund grants is sought from the Board each November for the following year. PF and Cross-Program Fund grants must be for purposes that are in keeping with the mission of the Foundation; the amount of these grants is limited both on a per-grant basis (\$100,000 or less) and cumulative annual basis for each program (up to 5% of each Program's annual payout budget may be awarded as Program Fund grants). Additionally, the Board authorized the President to approve up to \$500,000 in Program Fund grants for the Climate Change Initiative and for the African Health Initiative (with individual grants totaling no more than \$100,000), with funding to come from each initiative's annual grants budgets. All Program Fund and Cross-Program Fund grants are developed by staff, undergo routine due diligence

review, and are approved by the President. Each Program Fund and Cross-Program Fund grant totaling more than \$50,000 discussed at a Staff Program Review meeting prior to approval. Finally, in 2011, fourTrustees recommended grants totaling \$343,210; the grant purpose and organizations must be vetted by staff and approved by the Board Chair prior to grant award.

Edward Henry (President) is actively involved in the entire grants cycle. Prior to performing all the research on a potential grantee, the Program Director discusses the organization or proposed project with Mr. Henry. Based on this discussion, the research will begin or the project will be set aside.

Once a completed grant application is returned to DDCF, the Program Director and staff members review it to ensure that the organization meets DDCF requirements and that the program description is in line with DDCF's mission and program objectives. The application is also reviewed by the Grants Manager and Program Associate for Grants Administration to ensure that all the proper documentation has been received and the organization is a qualified not-for-profit. Each proposed grant is entered into GIFTS for Windows, the Foundation's grants management database.

Once the submitted application has been reviewed and approved, the Program Director compiles a docket for presentation to the Board of Directors that describes the potential grantee organization and its proposed use of funds. Prior to the Board meeting, the Program Director presents the information to senior management and program staff at a Program Review session and at a "practice" session for the Board meeting. During the meeting the senior staff critiques the written summary and the presentation, and appropriate changes are made, as necessary.

At the next Board meeting, the docket will be presented to the Board for their approval. The Board's decisions regarding proposed grants are documented in the Board of Director Minutes. After a grant has been approved by the board, Grants Administration staff records the grant as "Approved" in GIFTS and the GIFTS system assigns a grant number. Grants Administration then sends a report detailing the grants approved to Finance and the Accounting Manager prepares a journal entry to record the liability.

Grant Award

Once the Board approves the grant, the appropriate DDCF staff member notifies the organization by telephone. The Program Associate for Grants Administration generates a draft grant agreement using the appropriate GIFTS template (grant agreement templates are stored in GIFTS and merged with the GIFTS grant data to create the grant agreement). The Program Director and Grants Manager review and refine the grant agreement until they are satisfied that it is complete. Once the Grants Manager has approved the grant agreement and award letter and verified that all grant documentation is in order, the agreement and award letter is forwarded to the President for signature.

After the President signs the award letter and the grant agreement, the award package is sent to the grantee organization. The grant agreement specifies the total funds awarded, payment schedule, use of the funds, performance and financial reporting requirements, and various other disclosures regarding DDCF's rights (for example, to publicly announce the grant). If the grantee organization agrees to the terms of the agreement an authorized representative of the organization will sign and return the agreement to the DDCF (two originals of the agreement are sent and the grantee organization retains one original for their records). When the fully executed grant agreement is received by the Foundation, the first grant payment is initiated by Grants Administration and forwarded to Finance for processing.

Grant Payment Process

Once the Grants Manager has determined that all requirements for a grant payment have been met, the grant payment process is initiated.

The Grants Assistant confirms that ACH instructions are still correct and updates the GIFTS record if necessary. Then, Grants Administration exports the grantee data from GIFTS to an Excel spreadsheet which is emailed to the Accounting Manager for upload to the Lawson Process Flow. Once the information is uploaded into Lawson and released (with links to the fully executed grant agreement & the payment authorization) an e-mail is sent to the applicable approvers, alerting them that an invoice requires approval in the Lawson system. Once the approvals have been made, an ACH file is generated via Lawson & transmitted to Bank of America via a secured transmission website. The transmission is then verified with the bank via a phone call to an ACH automated phone system. Once the payment has been sent, the grantee and appropriate program staff are alerted by email that the ACH has been executed.

Grant Monitoring

Within each grant agreement the grantee agrees to provide DDCF with certain interim and final financial and program performance information. The time period for this submission varies from grant to grant. To ensure that the DDCF funds are being used in accordance with the grant agreement, the grantee is required to submit the following information:

- A narrative describing program accomplishments, challenges, and future plans
- An assessment of the project to date (have the original goals been achieved, were any program refinements necessary?)
- Copies of any literature, reports, or media coverage that was generated as a result of the grant
- A copy of the most recent audited financial statement
- A budget to actual comparison of use of the grant funds (indicating any budget modifications and explanations for budget variances)
- If a multi-year grant, a revised budget and budget narrative for the upcoming year (if warranted)

• The grantee is also required to notify DDCF of any changes to their board, senior staff, or tax-exempt status.

This information is required whether the grant period is one year or multi-year. If the grant is multi-year, the subsequent disbursements will not be made until this information has been received, reviewed, and approved by DDCF staff.

This information will be submitted to DDCF and reviewed by the Program Director and Grants Administration staff to ensure that the grantee has been using DDCF's funds for the purpose outlined in their grant agreement. This includes determining if certain project milestones have been met, whether funds have been spent reasonably and within program guidelines, and whether the project has benefited the items/individuals targeted in the agreement. Additionally, the financial information is reviewed by the Grants Manager or Program Associate for Grants Management, and either the Program Director or Program Officer – and, as necessary, by a member of the Finance Department – to ensure that the grantee is not experiencing any financial difficulties.

Once this information has been evaluated and approved by DDCF, the payment request is prepared for multi-year grants or, for single year grants, the file will be closed.

Computer information systems

The Foundation uses GIFTS for Windows, a grants management database system purchased from MicroEdge, Inc., to track detailed information about each application for funding and each grant approved. Applications are received through an internet grants application module and retrieved into the database and their status is tracked according to their progress through the review, approval or declination, and disbursement and reporting process. The database is also used to generate grant related documentation, including (but not limited to) grant award letters and grant agreements, payment request memoranda, and reporting review checklists. GIFTS also provides reports that enable the user to project the upcoming disbursements, determine when financial or other reporting information is required, track grant expiration, and track activities related to each grant.
